ACCESSIBILITY POLICY

The Texas Emergency Services Retirement System (TESRS) is committed to making the agency's website accessible to all users. This is a concerted effort to comply with the Texas Administrative Code sections §206.50 and §213, as well as align with Texas accessibility standards for electronic information resources and state websites in Section 508 of the Rehabilitation Act of 1973 as amended in 1998 (§29 U.S.C. 794d).

TESRS will attempt to reasonably accommodate anyone who does not speak English, or anyone with a disability as provided by the Americans with Disabilities Act. The agency will ensure every effort is made to provide assistance with modifications of documents and any requests for auxiliary services. All requests may be arranged by calling (512) 936-3372 or emailing us at info@tesrs.texas.gov.

If you use assistive technology and the format of any material on our website interferes with your ability to access the information, please contact the TESRS web accessibility coordinator at (512) 936-3372 or at info@tesrs.texas.gov. For assistance with Relay Texas, visit the Relay Texas Web site at <http://www.puc.texas.gov/relaytexas/Overview.aspx>.

Additional information about accessibility programs in Texas is available from the Governor's Committee on People with Disabilities at www.governor.state.tx.us/disabilities/. Please feel free to contact us with any comments or suggestions on how to improve accessibility of the TESRS site website.
